Manual: 13A—Quality and Requirements Management Program Documents

Change Number: 87903

1. PURPOSE

This Program Requirements Document (PRD) identifies requirements and responsibilities for monitoring and observing organizational activities, both internal and external, evaluating their adequacy and effectiveness, verifying compliance to specified requirements, and identifying improvement opportunities. See Appendix A for requirements basis.

2. APPLICABILITY

This PRD applies to company organizations conducting or subject to quality assurance (QA) *surveillances* (see def.). Performing surveillances does not take the place of *audits* (see def.) as addressed in PRD-5089, 18.1 Quality Assurance Internal and External Audits.

3. RESPONSIBILITIES

3.1 Quality Assurance Organization

The Quality assurance organization is responsible for establishing a surveillance process that identifies those activities subject to surveillance and the frequency at which each activity may be surveilled. The established frequencies should be commensurate with the status and importance of the activity to the mission of the organization/project.

The quality assurance organization is responsible for:

- A. Planning, scheduling, and performing surveillances.
- B. Maintaining a listing of personnel authorized to perform surveillances within their organization.
- C. Maintaining a log of issued surveillance reports based on sequential numbering that should include report number, date of surveillance, surveyed organization, activity surveyed, and *corrective action* (see def.) status.
- D. Providing the flexibility to conduct spontaneous, unscheduled surveillances to respond to immediate needs.
- E. Providing the trending organization with copies of surveillance reports.

- F. Providing assistance/support to other quality assurance supervision performing interorganizational surveillances within their respective organizations.
- G. Notifying an organization when planning/scheduling a surveillance external to their respective organization.

3.2 Organizations

Organizations are responsible for:

- A. Providing reasonable and timely access for surveillance personnel to review work activities and areas.
- B. Evaluating conditions reported on surveillance reports for reportability to the DOE.
- C. Providing (a) responses to surveillance reports describing actions to be taken to correct discrepant conditions, which could not be corrected during the surveillance, and (b) the scheduled completion date for any corrective actions required.
- D. Implementing corrective actions within the specified time.

4. REQUIREMENTS

4.1 Companywide Applications

The requirements identified in this subsection (4.1) apply to the entire company unless exempted by INT-17, QA PRD Introduction, Subsection 2.
